Australian Standards Approved: 18770  5138

THIS PRODUCT MUST BE INSTALLED BY FULLY LICENCED ELECTRICIAN

WARRANTY: This product carries a 5 year warranty from purchase date. Based on reasonable usage and when installed by a fully licensed electrician in accordance with the installation instructions and the appropriate clauses of the current edition of the Australian /NZ Standards wiring regulations and any other relevant installation site regulations, if the transformer fails within 5 years and upon return of the faulty transformer to the point of sale with proof of purchase it will be replaced free of charge after testing proves the transformer to be faulty. If the transformer is to be installed with a dimming system not recommended or compatible, warranty may be void. Proven consequential damage as a result of transformer failure will need to be assessed by the relevant insurance underwriter.
